Subject: Dimock Residential Groundwater Site

Lora,
Would you be ok if we add something like this to the fact sheet?

Under background or next steps....

"EPA is, and will continue to work with health officials from the Agency for Toxic Substance and Disease Registry (ATSDR) during this sampling event. For more health-related information, please visit the ATSDR website: www.atsdr.cdc.gov."

I'd suggest adding Bob Helverson as point of contact, since he's been involved for a while and has been to a lot of these people's homes.
